3. AIMS

3.1 Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

3.2 Our Trust aims to treat all its pupils and their families fairly and with respect. This includes supporting the needs of families of young carers, by making sure the school is accessible and welcoming to parents/carers with disabilities and/or illness and removing any barriers to communication.

3.3 The Accessibility Plan contains relevant and timely actions to:

- Improve and maintain access to the physical environment of the school and/or to the curriculum and to make improvements the delivery of written communications.

3.4 The plan will be made available online on the trust website and individual school websites, and paper copies are available upon request.

3.5 Our Trust is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

3.6 The Trust supports any available partnerships to develop and implement the plan.

3.7 Our Trust's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in any of the schools in the Trust, this procedure sets out the process for raising these concerns.

3.8 We have included a range of stakeholders in the development of this accessibility plan, including e.g.,: pupils, parents/carers, staff, trustees and local governors, etc.

4. LEGISLATION AND GUIDANCE

4.1 This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools and trusts on the Equality Act 2010.

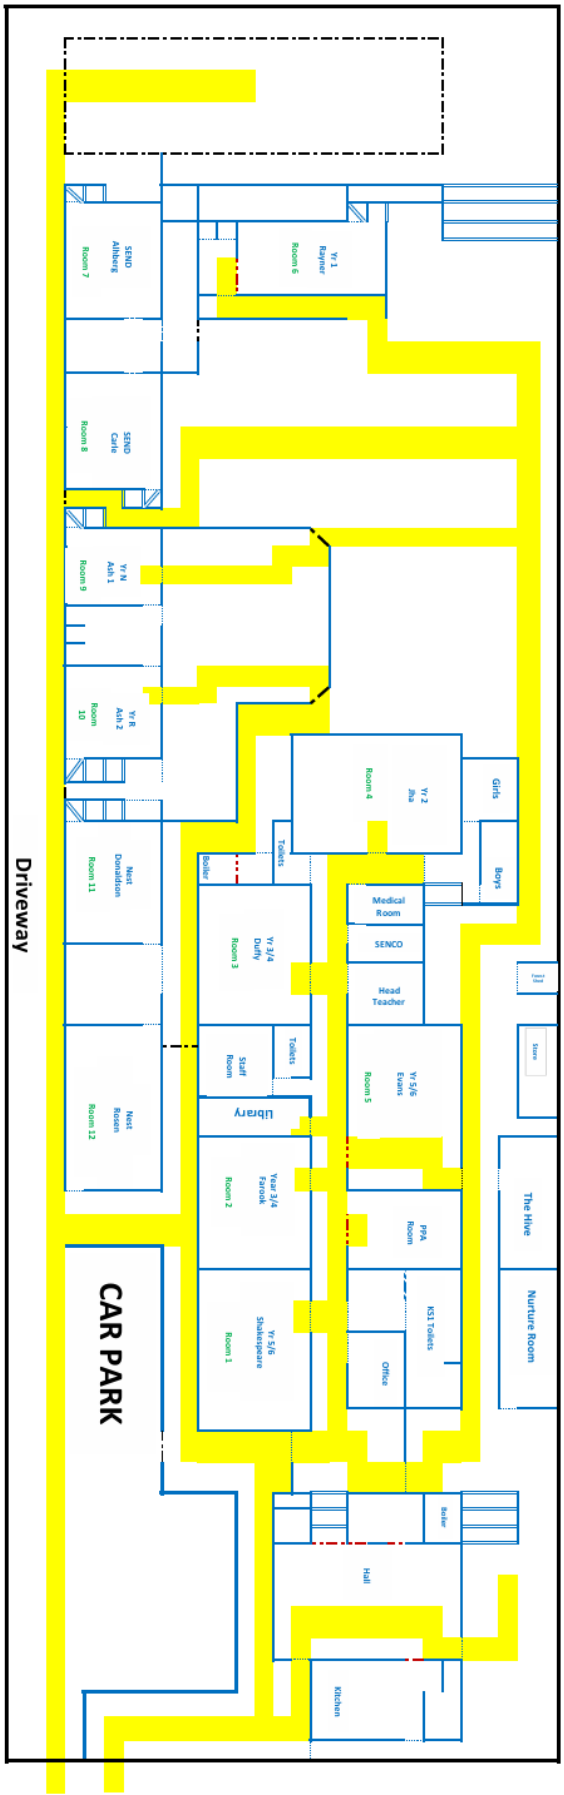

4.2 The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day-to-day activities.

4.3 Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

4.4 Schools and academy trusts are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with a disability faces in comparison with pupils without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

4.5 This policy complies with our funding agreement and articles of association.

6.2 As part of our commitment to inclusion and equality, this plan sets out how the school intends to make reasonable adjustments (with anticipatory readiness) to ensure that pupils and adults with additional needs and/or disabilities are not directly/indirectly discriminated against at any time.
